GALERIE BARROU PLANQUART
ART CONTEMPORAIN PARIS

Gisele Zanellato vous emmène dans un monde coloré inspiré des grands noms de la peinture, qu'une nouvelle modernité transpose sur l'art ancien de l'origami. Chaque origami représente l'aboutissement d'une sélection minutieuse parmi les œuvres d'un seul artiste emblématique.

La juxtaposition et l'accumulation des pliages aux couleurs vives apportent à l'œuvre une surprenante harmonie visuelle, où ordre et rigueur jouent avec la fantaisie.

La feuille d'or avec son éclat subtil est son outil pour retranscrire la lumière et apporter une touche de préciosité à ses créations.

L'application de la feuille d'or apporte à son travail une luminosité unique, elle sublime les détails.

Née en 1960, Gisele Zanellato est diplômée des Beaux-Arts de Mons où elle vit et travaille.

Gisele Zanellato takes you into a colourful world inspired by the great names of painting, which a new modernity transposes onto the ancient art of origami. Each origami is the result of a meticulous selection of works by a single emblematic artist.

The juxtaposition and accumulation of brightly coloured folds create a surprising visual harmony, where order and rigour play with fantasy.

Gold leaf, with its subtle sparkle, is her tool for transcribing light and adding a touch of preciousness to her creations.

The application of gold leaf brings a unique luminosity to her work, sublimating the details.

Born in 1960, Gisele Zanellato graduated from the School of Fine Arts of Mons where she lives and works.
